Ministry of Children and Youth Services
M-1B114, Macdonald Block
900 Bay Street
Toronto ON M7A 1N3

Dear Minister Broten:

We write to follow up our previous correspondence with you and your predecessor, Minister Deborah Matthews, regarding the issue of termination of IBI treatment for children with autism in Ontario. Copies of the three letters are enclosed, dated respectively, August 14, 2009, September 28, 2009 and December 18, 2009.

We initially raised these issues with Dr. Nancy Freeman, Chair, Benchmark Development Expert Panel, in the letter from our Executive Director, dated July 21, 2009. A copy of that letter was also sent to your predecessor, so as to orient her; and once again, a copy is enclosed.

We have not received a reply from your office, to any of the above communication.

May we please hear from you, at your earliest convenience.

Sincerely,

Cynthia Zahoruk

President
Autism Canada Foundation
